

coming in <sup>H. W. Beecher</sup> ~~man~~  
after to ~~March 1st~~ hand,  
I almost expect to find  
that it was a device to get  
in a bill! It is sweet  
to have what you want -  
but not always to pay for it.

For what you want I can't  
get, nobody will dare  
you. Please don't put  
this in the paper -

Very yours

Dear Sir

If convenient I  
will thank you for the  
first quarter settlement of  
a/c for services furnished  
to "Methodist" - I am  
packing up everything  
before going abroad this

summen, - provided I  
do so, - And, unless  
the Cholera too has  
a plan of foreign travel,  
I see no reason to doubt  
but that I shall go -  
But I do not like to  
go in Company with  
such a fellow traveller  
who is more free than  
agreeable -

Did you ever pay bills?  
Or do you pay or you go?  
~~After formally~~ you go on  
Credit, I am in a mood  
to exhort you vehemently  
to run up no bills! - You  
first run them up, - pleasant  
enough; well, then they run  
you up, & down too, & that's  
not so pleasant - My corner  
is like the dust. If I leave  
my door or window open  
I expect to find a bill
